Capital Appearance—The Beatles performed for a youthful audience in Washington on the night of February 12.

Opening for Juniors—These college juniors join the Peace Corps' new summer project for six eight weeks of training similar to that for regular Peace Corps volunteers. They later did survey work near Taos, N.M. After graduation they will be sent to Latin America.

Ranger on Target—This is a photograph of the lunar surface taken by the Ranger 7 spacecraft prior to its impact on the moon July 31st. The area shown is about one and two-thirds miles on a side. The smallest craters are about 30 feet in diameter and 10 feet deep. Some of the large craters are about 300 feet in diameter.

Family Grieves—Gust Carlson, father of Dr. Paul Carlson, medical missionary slain by rebel troops in the Congo, dabbed at his eyes during a news conference in Los Angeles on November 24. He is flanked by his daughter and another son.

New Teen-Age Queen—Smiling Carolyn Mignini, 17, of Baltimore was crowned the new Miss Teen-age America of 1965 in Dallas on November 13.

World's Fair at Night—The New York World's Fair attracted as many visitors at night as it did during the day following its April opening. The nighttime lights set off the beautiful pavilions constructed by many countries.

Democratic Victor—President Lyndon Johnson won the 1964 election by the greatest plurality and per cent of the total vote in U. S. history. Johnson became President at the assassination of John F. Kennedy in 1963.

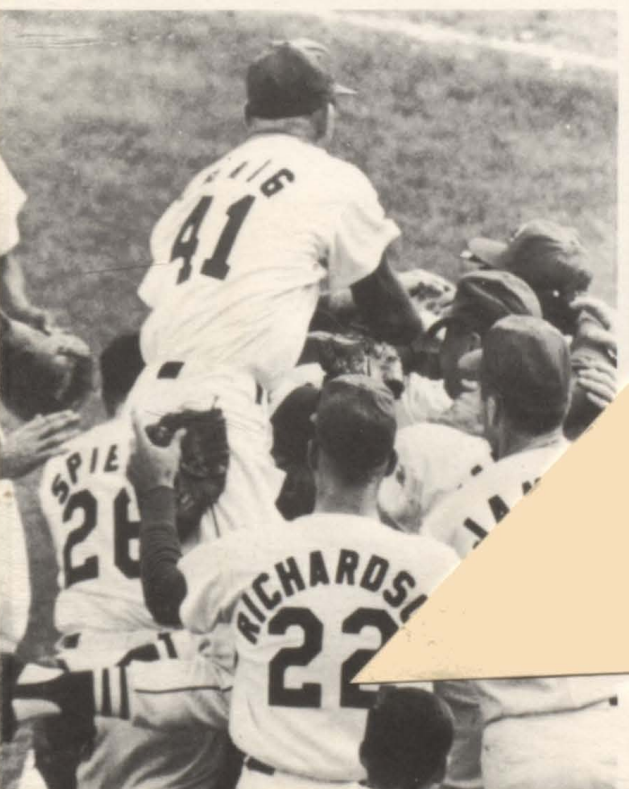

Barry's Battle for Votes—Sen. Barry Goldwater was surrounded by fans at Knoxville, Tenn., airport September 16 as he campaigned for the presidency on the Republican ticket. The conservative senator swept to a first-ballot nomination at the convention in San Francisco.

Nobel Peace Prize Winner—Dr. Martin Luther King, Jr., right, was accompanied by Richard C. Patterson, director of public events, at the arrival from Oslo, Norway, on September 16 of the Nobel Peace Prize.

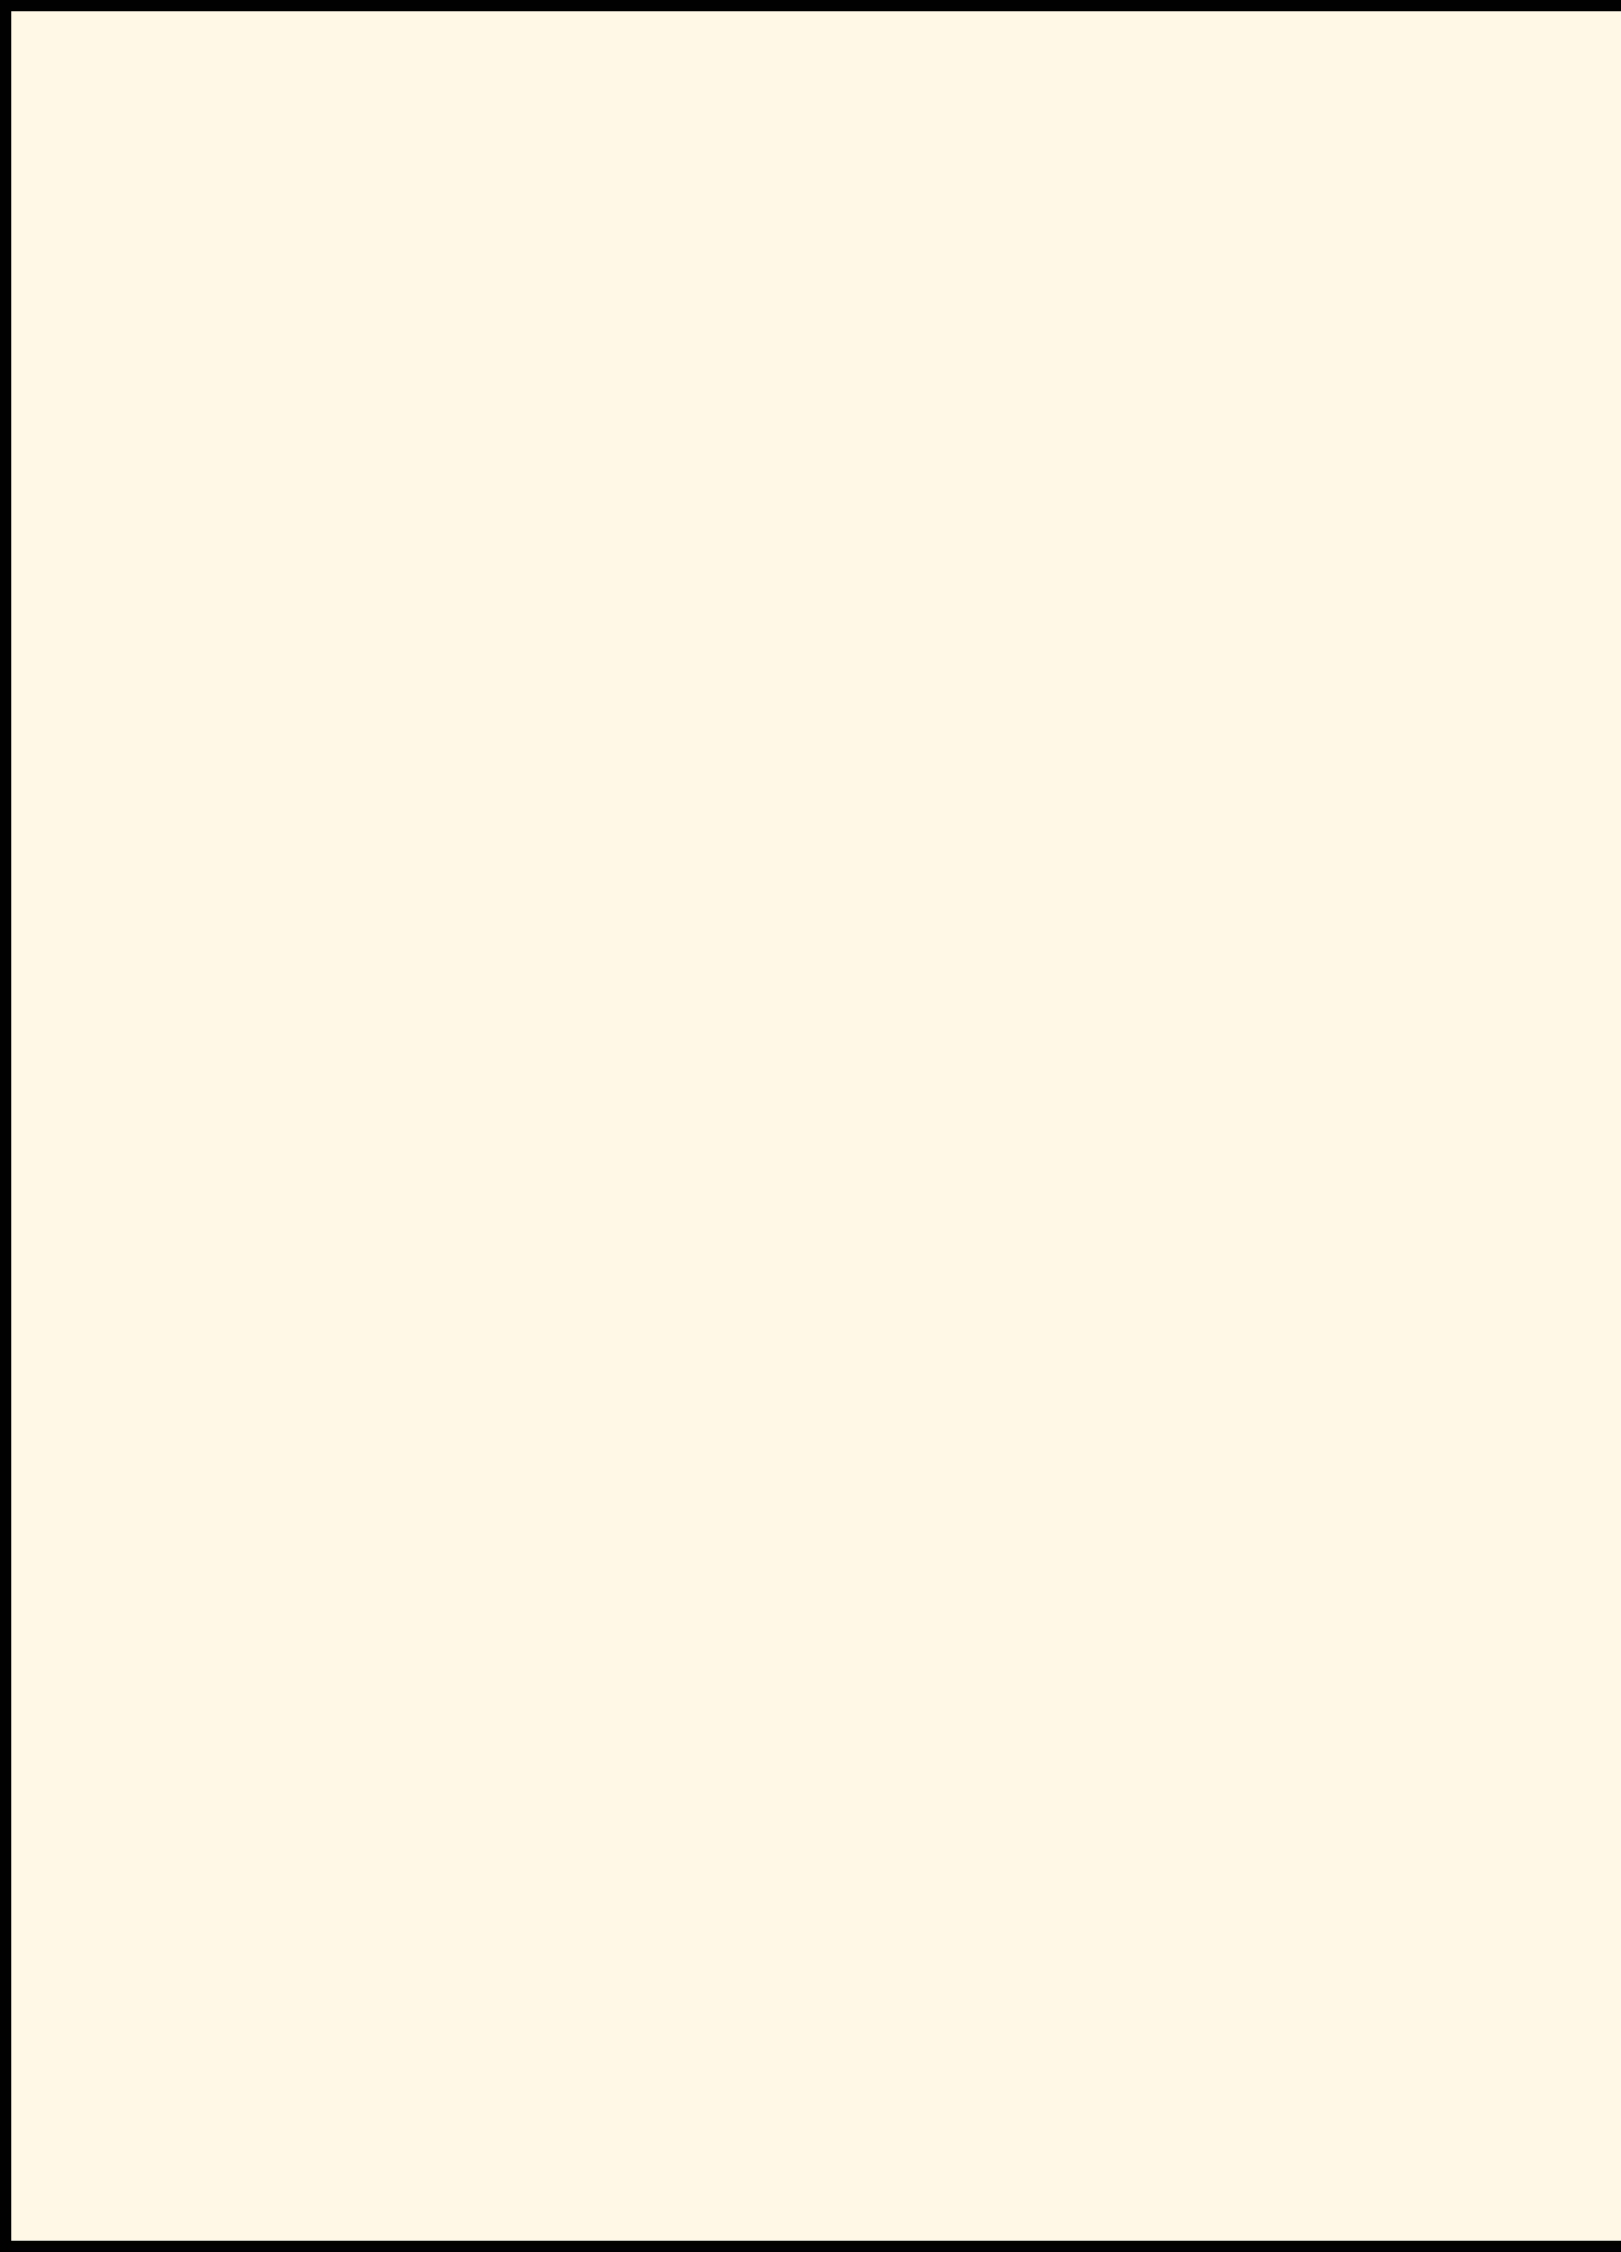

National Events in

Cards are the Winners—Roger Craig leaped on a group of teammates surrounding the pitcher Bob Gibson moments after the last out in the seventh World Series game won by the Redbirds over the Yankees, 7-5, in St. Louis.

foreword

it is our hope that the 1965 falcon will recall some of the events of the past year. perhaps the memories will be of long hours of study, the close victory over a rival football team, or the go-go beat of a school dance.

the second aim of the yearbook is to capture the spirit of friendliness and loyalty that exists at west sioux and to preserve and pass on its traditions. homecoming . . . prom . . . graduation . . . these parts of west sioux's heritage will be pleasant reflections both five and fifty years from now.

memory of bill sedgwick

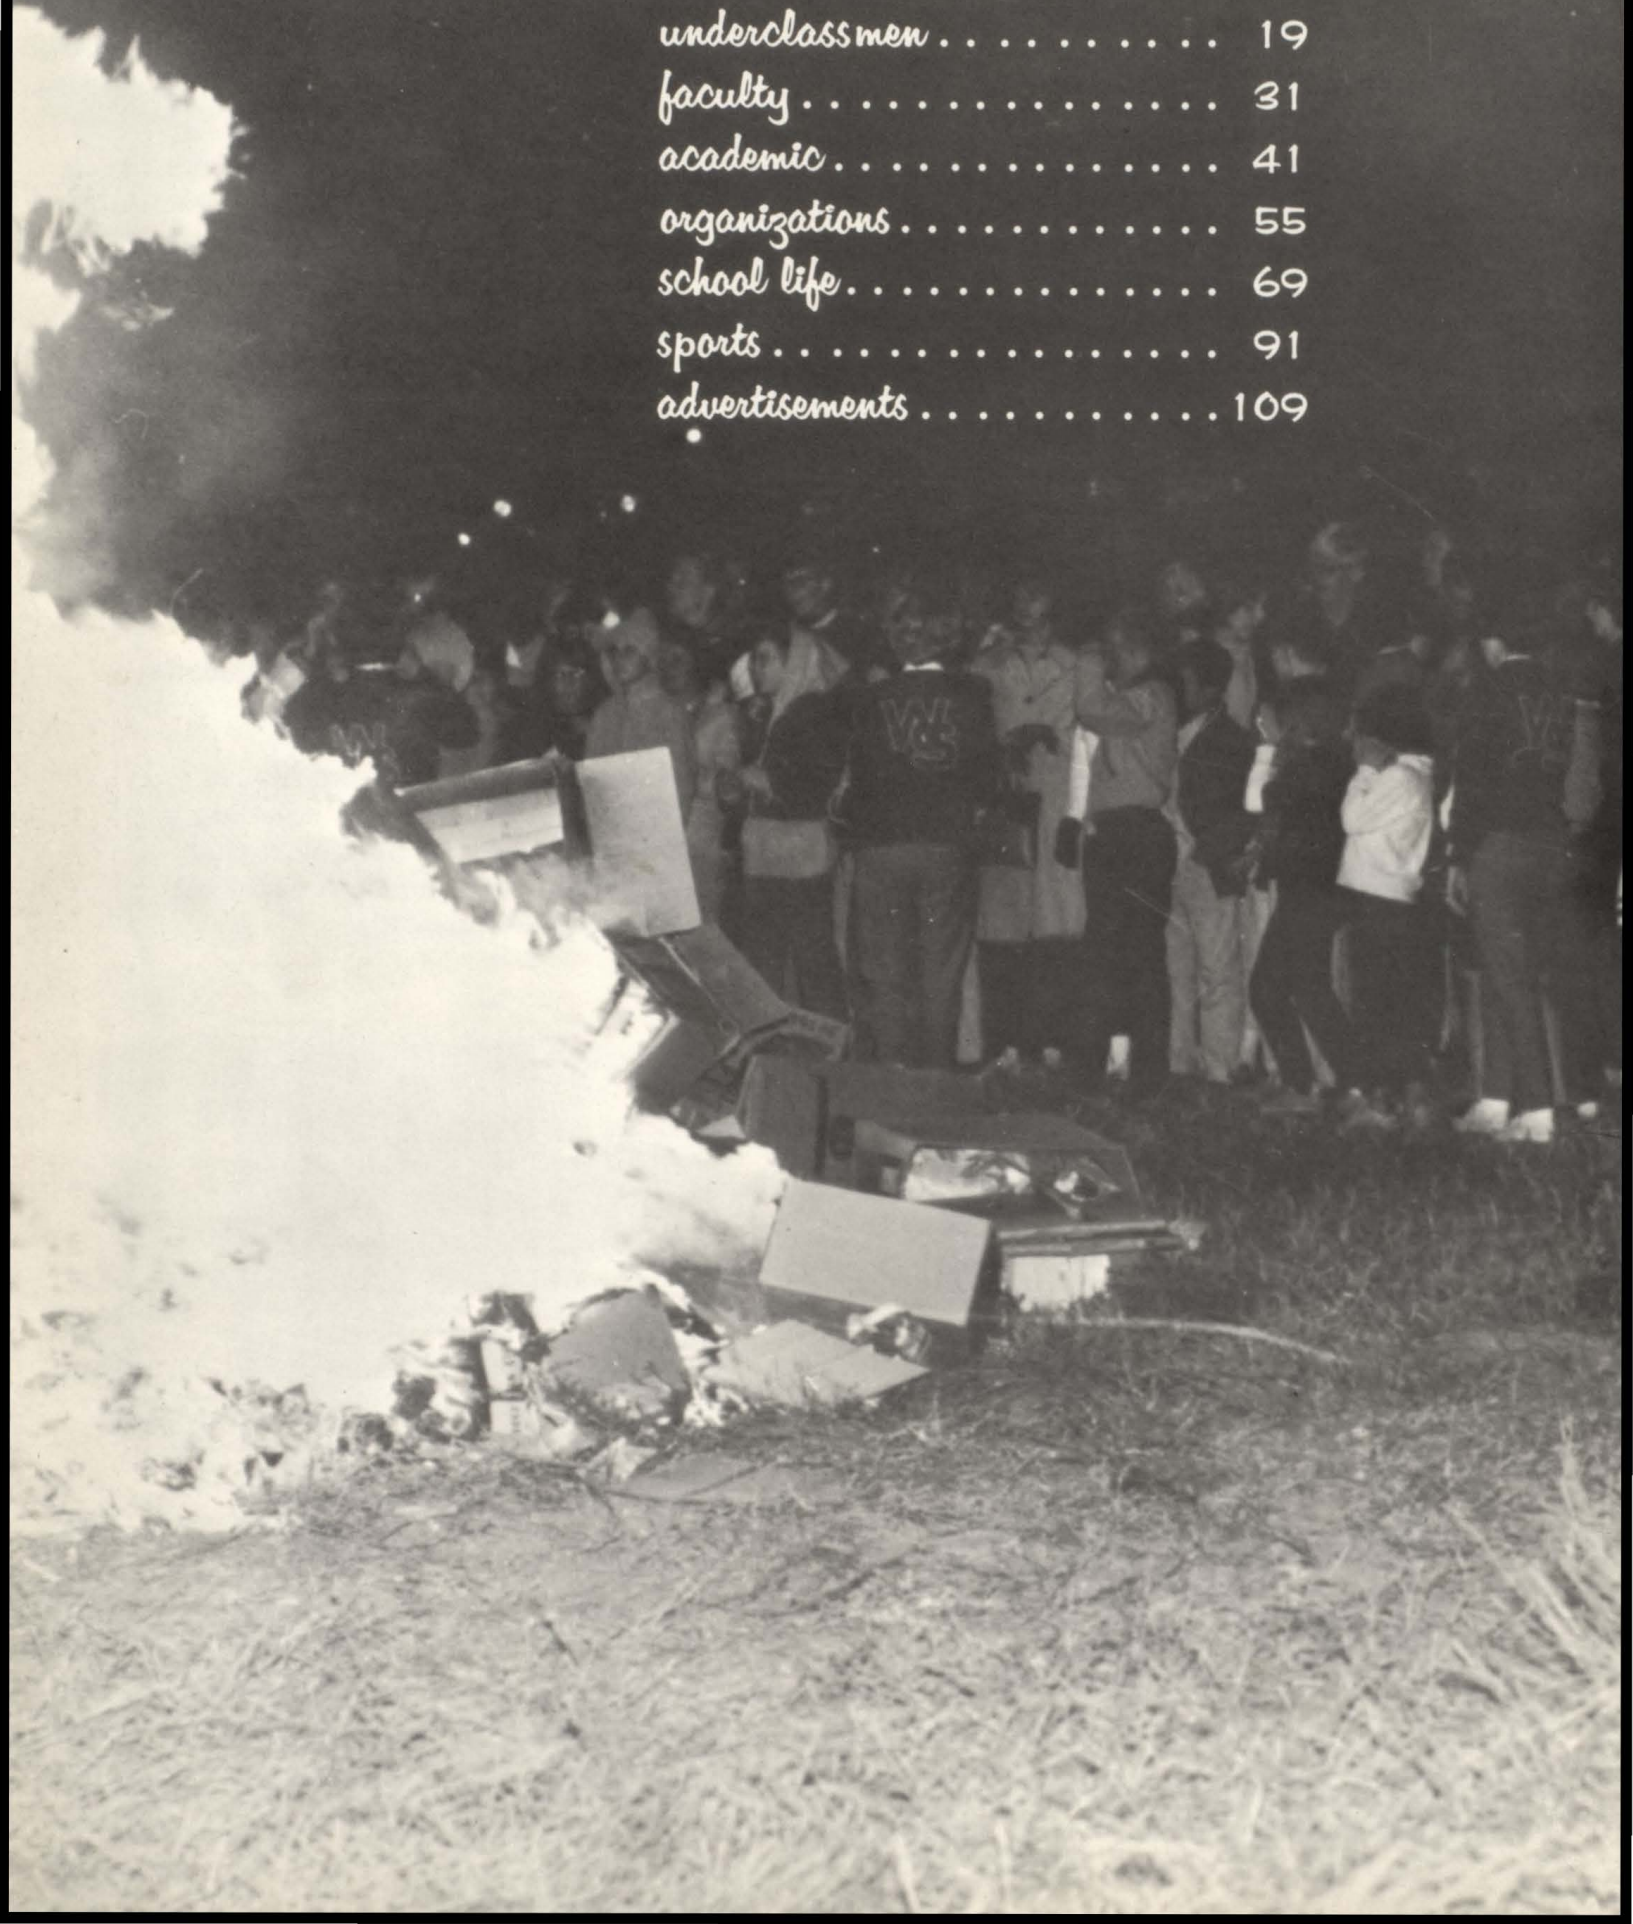

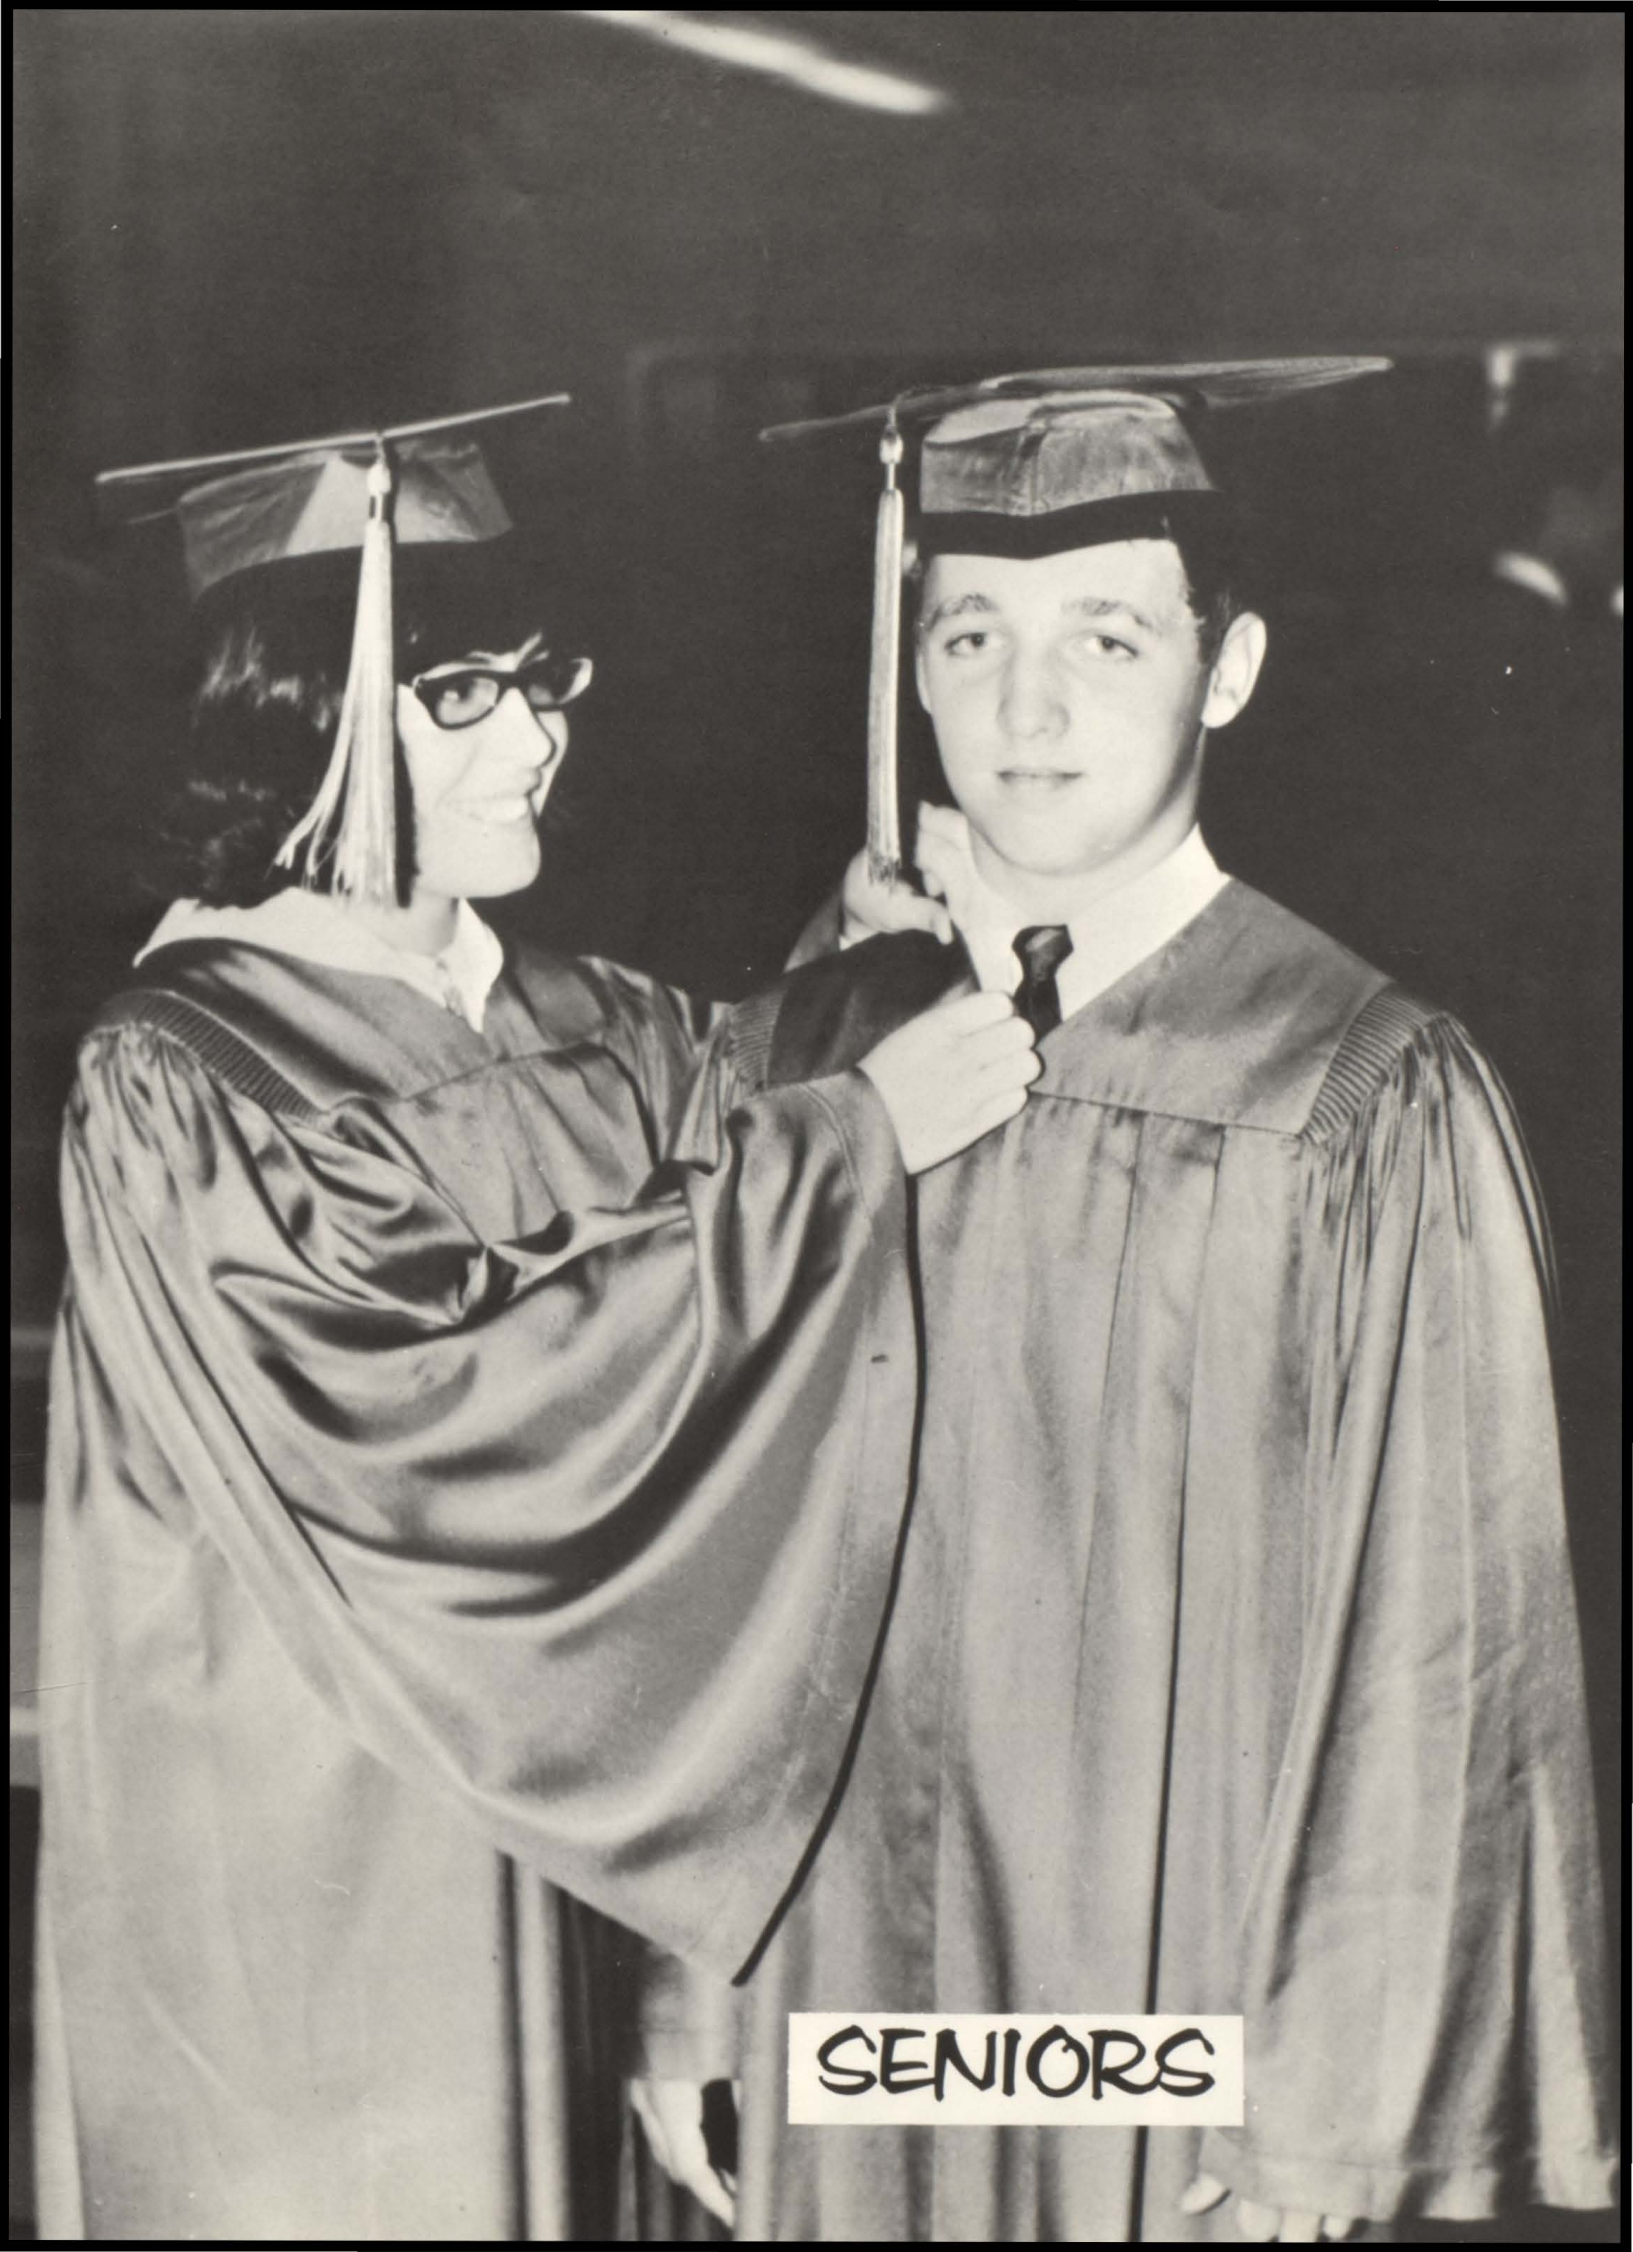

Both the students and faculty at West Sioux remember Bill when he played Marryin' Sam in "Li'l Abner," Ham Ellers in the junior class play, and Charlie Davanport in "Annie Get Your Gun." Although he was good in these parts, we remember him best as Bill Sedgwick, popular but hardworking junior class president, loyal church member, honor student, talented singer, and enthusiastic basketball player, who had an infectious laugh and his own special grin for everyone. It is to his memory that we dedicate the 1965 Falcon with one purpose in mind--that this memory be preserved in the hearts of West Sioux students and be passed on to future classes as an example of high achievement and character.

FACULTY

Mr. Blake, our superintendent, takes much interest in West Sioux, the students, and the faculty of the school. Mr. Blake received his B.A. degree from the State College of Iowa, and his M.S. degree from Drake University. We of the student body wish to congratulate Mr. Blake on being elected president of the I.S.E.A.

The vital link between the students and the faculty is Mr. Roy Roth, the school principal. He was graduated from the University of South Dakota with a B.A. and a M.Ed. His warm smile and friendly greeting are always present in the halls at West Sioux.

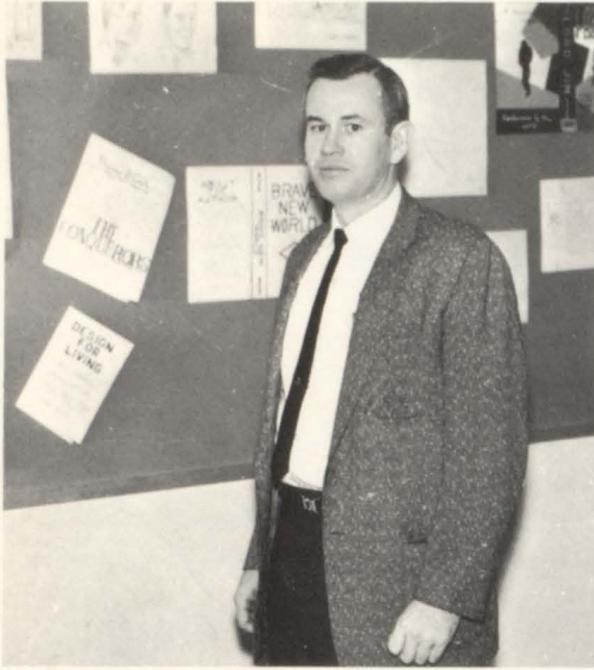

A typical day in the lunch line with Mr. Roth.

Mr. Ray Howard's duties as guidance counselor are probably more varied than those of any West Sioux staff member. During the course of one day he may advise a senior who is choosing a college, counsel with a student about school difficulties, and help incoming freshmen plan their courses for the next year.

Two familiar faces to students are those of the high school secretaries, Mrs. Addy Anderson and Mrs. Norma Petry. They are kept busy issuing admits, making announcements, and generally seeing that a multitude of details are taken care of promptly and accurately.

Mr. Boyd Knapp is credited with a B.A. from Buena Vista and also work done at the State University of Iowa. English is his major teaching area. Leisure time activities include reading and travel.

Mr. Lyle McDole received his B.A. degree at Morningside College and did further graduate work at the Universities of Michigan, Iowa, and South Dakota. He is the junior English teacher. Interests include jazz, antique model aircraft building, and aircraft history.

The sophomore English instructor at West Sioux, Mrs. Kay Brooks, graduated from Morningside College with a B.A. degree. During her leisure time she enjoys reading, sewing, and listening to good music.

Miss Kay Wilcox attended Marshalltown Community College and received her B.A. degree from the State College of Iowa. Her major teaching area is speech. She has earned minors in English, history, and biology. Miss Wilcox enjoys reading, painting with water colors, writing, and raising hamsters.

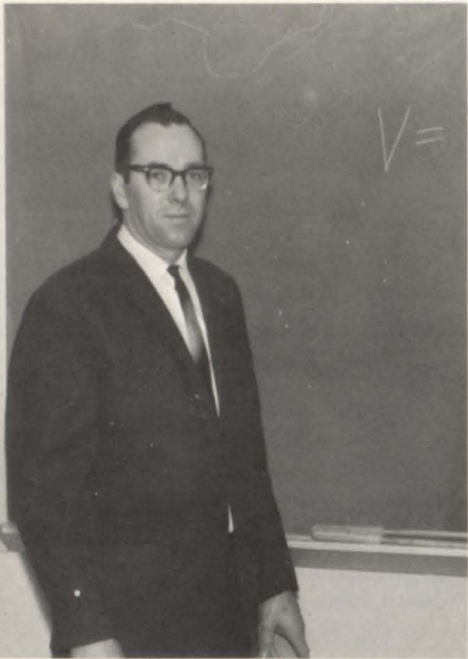

Mrs. Mildred Smith received a B.A. degree upon graduation from Morningside College and is also credited with graduate work at the University of South Dakota. Mrs. Smith has a varied curriculum, including English, government, and sociology. In her spare time she enjoys sewing and home-making.

American history is Mr. Dean Bolluyt's teaching field at West Sioux. He received his B.A. from the University of South Dakota. Besides arguing with Mr. Daut, he enjoys spectator sports and reading.

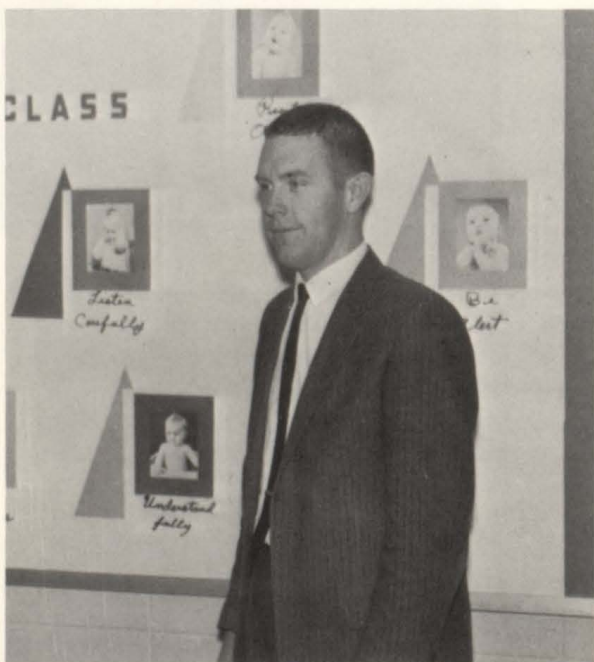

Movies, reading, and winning arguments with Mr. Bolluyt are enjoyed by Mr. Robert Daut in his spare time. He received his B.S. degree from Drake University and is the World History teacher.

Mr. Loren A. Humpal graduated from Southern State Teacher's College and has done work at the University of Nebraska and Augustana College. He has a B.S. degree, teaching in the fields of math and industrial arts. Leisure time activities include hunting and playing cards.

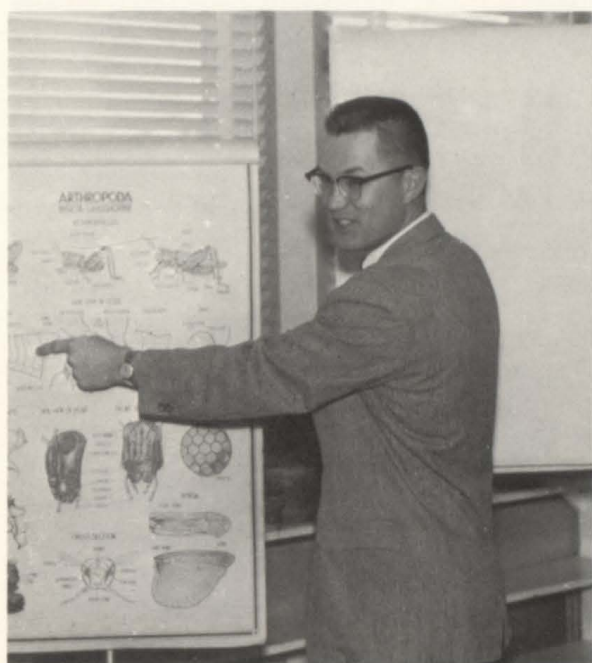

Mr. Otto Welfring, having received both B.S. and M.A. degrees from Chadron State College, furthered his education at Colorado State College and the University of South Dakota. Being head track coach as well as math teacher, Mr. Welfring naturally enjoys golf, swimming, and spectator sports.

Mr. Kenwood L. Prunty teaches algebra and geometry. He received a B.A. degree from Westmar College and studied at Morningside College and the University of South Dakota. He enjoys woodworking, mechanics, and music.

Mr. Paul Gambianna attended the State College of Iowa and the University of South Dakota, receiving his B.A. and M.S. at these schools. Mr. Gambianna's major teaching areas are chemistry, physics, and mathematics. Most of his leisure time is spent enjoying his family and their activities.

Mr. James Bertram graduated from Westmar College with a B.A. degree and attended the State College of Iowa, University of South Dakota, University of Minnesota, and Colorado College for further graduate work. His major teaching area is biology, and in his leisure time he raises house plants.

Mr. Lyndon Dighton graduated with a B.A. from the State College of Iowa. General science is his major teaching area. He also coaches the wrestling team. He includes sports, music, and horses as his spare time activities.

West Sioux's industrial arts instructor, Mr. Clinton Halle, received his B.S. at Southern State Teachers College. He also has an M.A. from the University of South Dakota. As class sponsor, he also devotes time to the juniors.

Miss Mary Daggett graduated from Iowa State University with a B.S. degree in home economics. Besides sponsoring the Future Homemakers of America, her interests include singing, sewing, and travel.

Mr. Elwood Iverson attended the University of Nebraska and received a B.S. degree. He has done further graduate work at Colorado State University and Iowa State University. Vocational agriculture is his major teaching area, but he is also interested in fishing and woodworking.

Miss Judy Spain, librarian at West Sioux, graduated from the State College of Iowa with a B.A. degree. She also has done graduate work at Mankato State College. After school hours she devotes her time to golf, bridge, and reading.

Traveling and knitting attract West Sioux's French and business teacher, Miss Ruth Crawford. She graduated from Northwest Missouri State College, receiving her B.S. degree. She has also done graduate work at the University of Kentucky.

Mrs. Judy Ashley's major teaching area is business education. She received her B.A. degree at Morningside College. Leisure interests include sports, particularly dancing and swimming.

Social studies and physical education are the major teaching areas of Mr. Duane Peterson. He received his B.S. from Bradley University and later his M.A. from the University of Iowa. Mr. Peterson also enjoys sports, reading, and television.

Mr. Leonard Blinde earned his B.M.E. at the University of Nebraska. He is the band and vocal instructor at West Sioux. Leisure time interests include bowling and spectator sports.

West Sioux's art instructor, Mr. Marlin Hanson, received his B.A. at the university of South Dakota. He spends his spare time sketching, ice racing, working with electricity, and enjoying football.

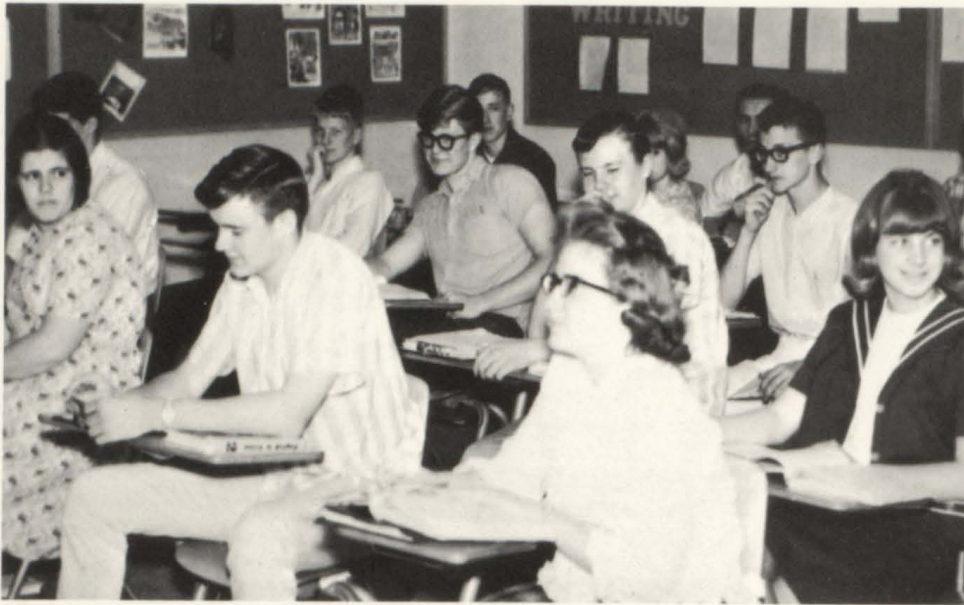

Knitting, sewing, and cooking interest West Sioux's girls' physical education instructor. Miss Ethel Leekley graduated with a B.A. from Wayne State College.

ACADEMIC

Dick Newman and fellow classmates listen to a lecture by Mrs. Brooks.

english

Connie Waterman gives a book report in her freshman English.

English is one of the major studies at West Sioux and is valuable in other courses as well. The freshman English course consisted of introductory work in literature and grammar review. The high point of the year was the reading of a condensed version of *GREAT EXPECTATIONS* by Charles Dickens. The sophomores studied *JULIUS CAESAR* by William Shakespeare. In the junior class the novel *THE SEA WOLF* by Jack London was read and research papers were written by the students. Reading several classic novels and studying many famous poets, the seniors completed their English course.

Allan Waterman concentrates on his grammar assignment.

Students concentrate on their history assignment.

social studies

Our social studies department consists of World history, American history, government, psychology, economics, and sociology. These tend to give our students an insight into the past and a look at present day situations.

Loretta tells her classmates some World War II facts.

Rose Horton finds history amusing.

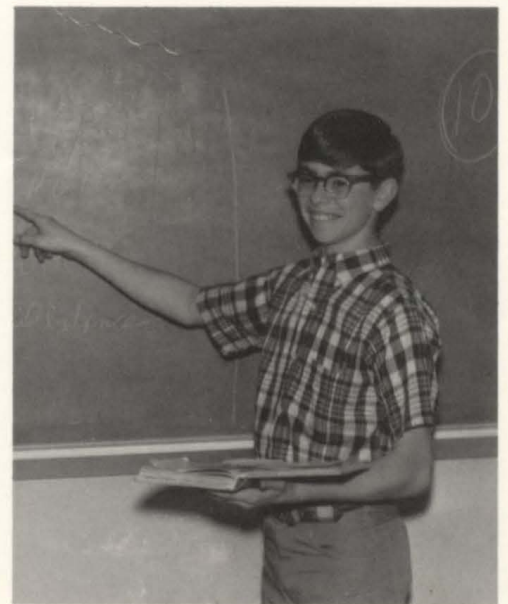

Judy Winterfeld outlines a war-torn section of Europe.

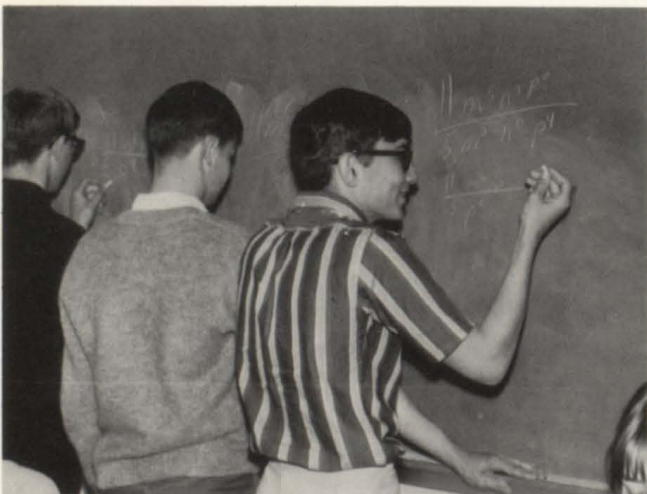

Algebra class concentrates on assignment.

math

Two years of math are required at West Sioux. These courses range from the very basic to the more advanced math courses. Basic math provides a background for other math courses. Algebra I & II, geometry, and trigonometry are designed for students who wish to further their knowledge preparatory to college. Bookkeeping and business math help the student understand business procedures and bookkeeping methods.

Greg has the right answer.

Dan thinks it amusing, if not correct.

Terry finds little interest in assignment.

The fourth period Science class listens to a lecture.

science

Ruth conducts an experiment.

Science courses range from general science to physics at West Sioux. Freshmen get a general background of science to launch them into the more advanced courses. Biology is a course which develops one's knowledge of plant and animal life. Physics deals with the mechanical areas of science and chemistry with the structure of substances such as minerals and metals that make up our earth.

Jerry Lang demonstrates for the class.

Mike, Char, and Kel--up to no good.

A popular place for study and relaxation.

Library

Sandra and Pam consult the library's card catalog.

Everyone, at least once a year, visits the library. Miss Spain, the librarian, takes care of the library card catalog and the arrangement of the books and magazines. Occasionally students use the conference room, supposedly for studying or working on other school assignments. Student librarians work in the library during study hall and have formed an active Library Club.

Dan Schmidt studies?

Rick works on a term paper.

Hum--where is that page?

commercial

Steve tries to find his place again.

Sharon and Judy gain experience in office practice.

Under the direction of Mrs. Ashly, West Sioux's commercial department consists of typing, shorthand, and office practice. Typing provides the students with knowledge which will help them in writing all their school subjects. Shorthand is very helpful to girls planning to go into secretarial work. Office practice provides an opportunity for students to actually go into a business office and work in a realistic atmosphere.

Pam rechecks her work.

Rocky puts finishing touches on oil painting.

Kelvin versus Michelangelo

art

The Art program at West Sioux is designed to develop skills in the area of art, fine and commercial. Emphasis is not placed on ability alone, but also on the development of art appreciation and art history. Students are introduced to various art medias and given experience in their use through various assigned projects. Originality is encouraged and the development of the individual is of prime importance.

Allen completes another project.

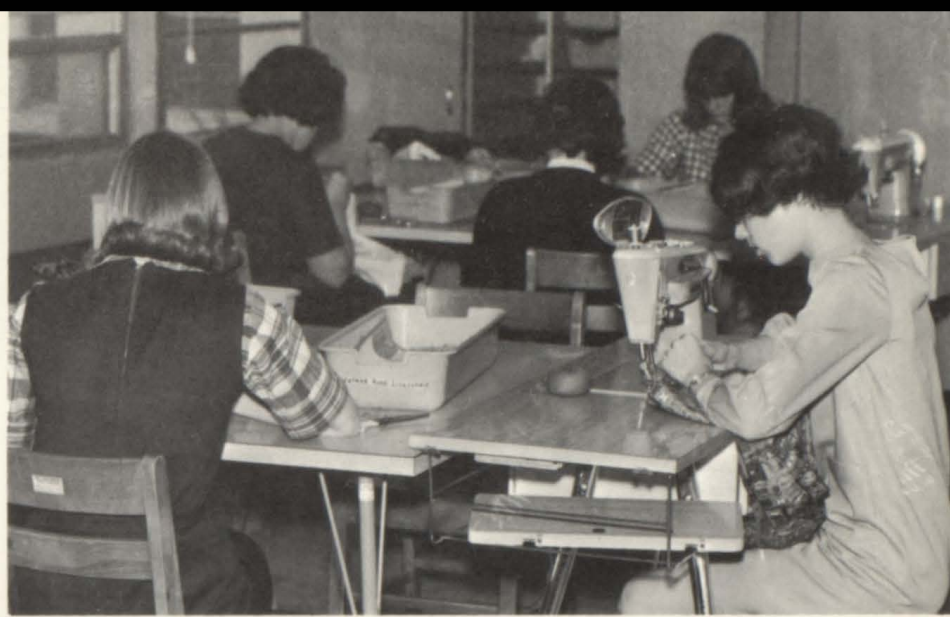

Clem works with ceramics.

Gary Ping tries his hand at ceramic pottery.

In the Fashion Flair style show Kathy Anderson models the jumper she made.

Nancy Busch and Jolene Lingscheit display their sewing know-how.

homemaking

The homemaker of today needs a much wider range of knowledge and experience than did past generations. Fields such as cooking, sewing, home furnishing, child development, and first aid are studied in the home economics class. Several activities are planned by the students to practice what has been learned in class such as the spring style show, mother daughter tea, and FHA meetings in which homemaking students participate.

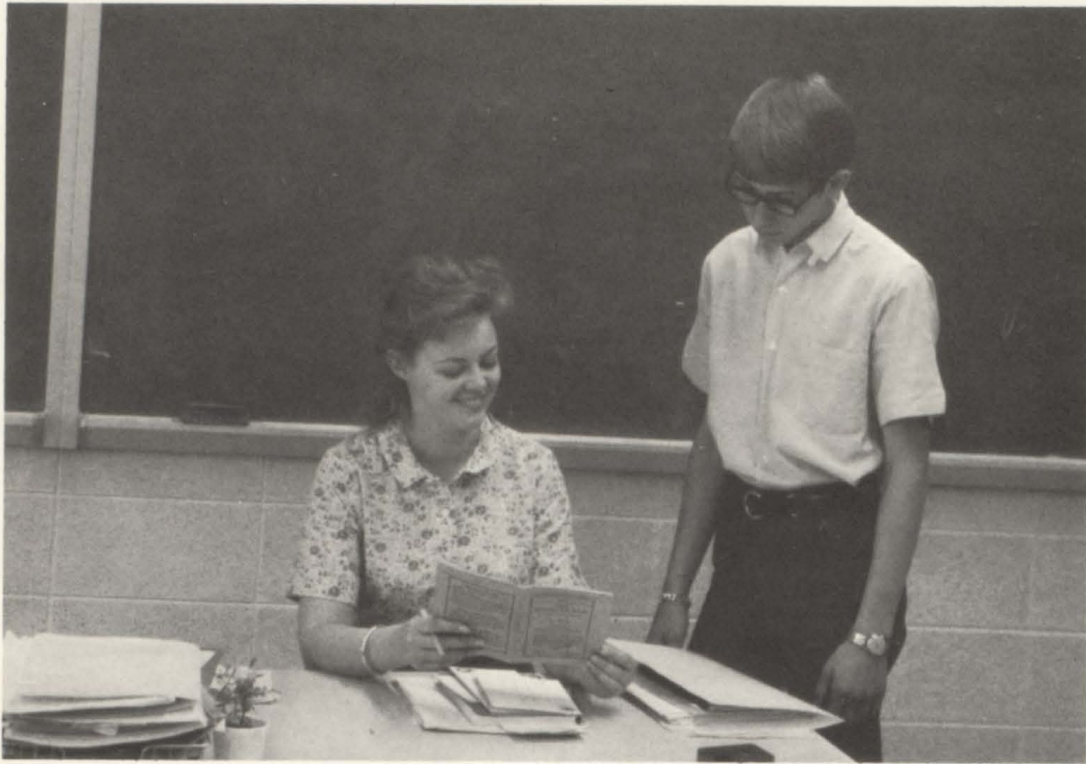

Cooking, a major homemaking activity, is experienced by Pat Younie.

Mary Stickle, Orlene Abbey, and Linda Johnson chose popular styles for their fashion creations.

Loretta Draayer knows that cutting out a pattern requires concentration.

Miss Wilcox and Mike discuss one-act play.

speech

The speech department of our school provides a student with experience in speaking before a group. Its basic intention is to provide the student with confidence and poise within or before a group. Various areas are utilized to achieve this end: debate, drama, interpretation and pantomime.

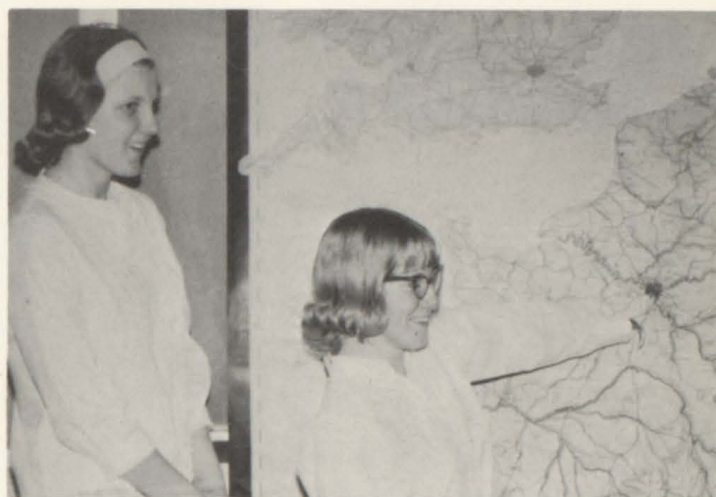

Dan rehearses one-act play.

Carla and Mike discuss speech activities.

Carylann and Kristie discuss their French assignment.

Marsha points out the location of Paris.

french

French is studied through the use of tape recorders, visual aids and songs at West Sioux. Students learn the fundamentals of the language and about the area in which it is spoken. Miss Crawford, the French instructor, planned several activities for the year. Also a French club has been formed by French students.

Kristi writes a French phrase on the blackboard.

Linda and Pat are studying their French.

Mr. Halle instructs students on the proper procedure for building a cabinet.

industrial arts

Industrial arts is instructed by Mr. Halle. Students gain experience in wood-
working and mechanical drawing. Several worthwhile projects are completed
during the year by shop students. Shop class provides a chance for students to
express themselves through the woodworking that they do.

Terry Karr constructs his shop pro-
ject.

Larry Waterman uses a vice in shop class.

Allen Van Noort, Gary Ping, and Larry Miller work on a motor during agriculture class.

Roger Brunsting and Jerry Hognagel are caught loafing on the job.

agriculture

The future of farming lies in the hands of today's agriculture students. In the agriculture class a boy is trained in farming and in related areas. He is instructed in engine repair, farm maintenance, and animal feeding and care. He may get further instruction in the field of agriculture through the Future Farmers of America organization.

Dick Heuer displays his talent for woodworking.

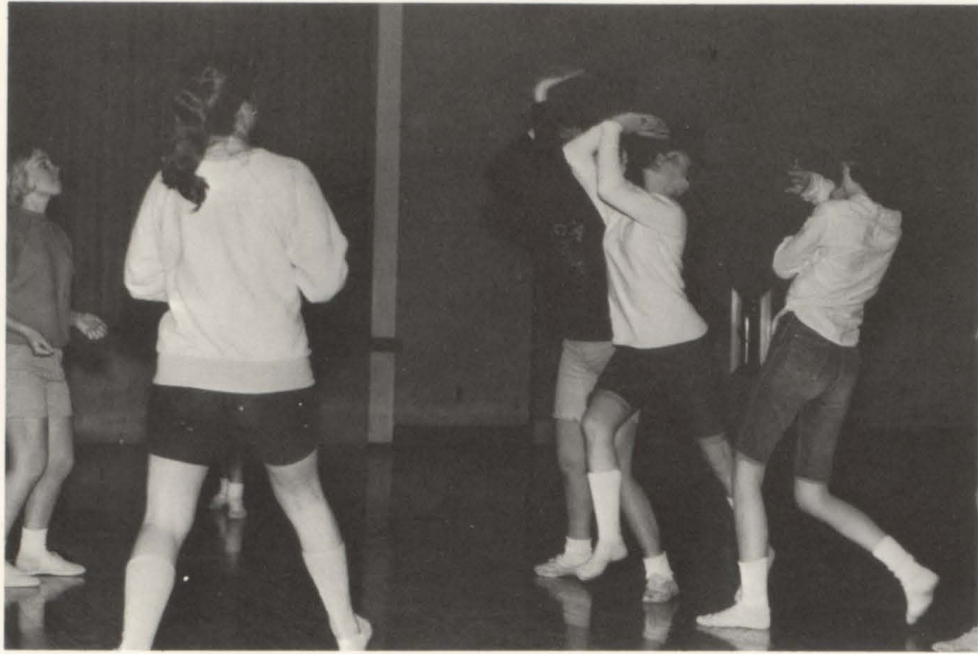

Ted Millikan works on an agriculture project while classmates watch.

Jim Singer drills holes while in the process of assembling his ag project.

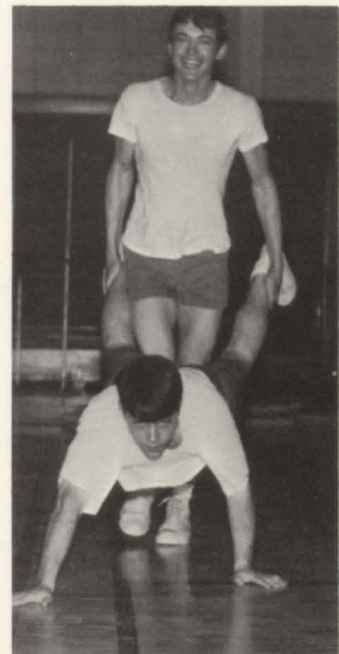

Here a game of volley ball is being played.

physical education

Physical education is a program provided for students to develop co-operation and co-ordination. This class gives students a chance to relax and get a break during a hectic school day. Miss Leakley and Mr. Peterson plan activities for the school year. These activities include softball, football, basketball, wrestling, soccer, volleyball, and tumbling.

Richard Pearson displays co-ordination.

Ann Dorene Wynja develops her skill on the Trampoline.

ORGANIZATIONS

Terry Baker, Charlotte Zalme, Judy Cain, Larry Dixon, Bev Tucker, Mike Blake.

marching and concert band

The 1964-65 Falcon marching band marched and played on many occasions, completing a busy and successful year. The band marched at homecoming at the University of South Dakota, the balloon parade in Sioux City, the district American Legion convention in Hawarden, and the West Sioux homecoming parade in addition to appearing in half time shows at all home football games. The concert band contributed to the year's activities by presenting a Christmas program with the chorus and a winter concert and by assisting with music at commencement.

Belonging to the chorus is both enjoyable and profitable for the students who like to sing. Some of the year's work is devoted to preparing for concert appearances such as the Christmas concert and the performance at Baccalaureate. Also, individuals and small groups from the chorus membership compete at solo and small group music contest, which was held at Sioux Center this year. The big project of the year, however, is the musical. The chorus provides both lead singers and the stage chorus for this annual production of the music and speech departments.

The FTA Club has completed another fine year of work under the sponsorship of Mrs. Irene Doty. FTA is not a fun club, but neither is it all work. Annual parties were held, as well as a mixer at which prospective members were introduced to FTA and its purposes. The club also attended the District and the State FTA conventions. FTA offers opportunities to improve one's character, to take a realistic look at teaching, to study the qualities of a good teacher, to observe and try one's own hand in teaching situations, to study and visit colleges to promote wise selection for future education, and to determine if teaching is the field for you.

f. h. a.

The Future Homemakers of America is an organization of high school girls who have had one year of home economics. Its purpose is to give girls a better understanding of homemaking and its responsibilities. The activities for the girls are widely spread over many fields. Some of these projects were Christmas caroling, a study of the value of education, and a mother-daughter tea. The officers of the club for this year were President--Jean Kratochvil, Vice-President--Pat Hodoway, Secretary--Sharon Weyer, Treasurer--Colette Koob, Historian and Reporter--Judy Westadt, Parliamentarian--Vickie Walker, and District Parliamentarian--Mildred Hulleman.

Joan Kurtz accepts the symbol of her office from retiring president Jean Kratochvil as Pat Hodoway, Vickie Walker, and Marie Louwerse look on.

library club

The Library Club is an organization which involves responsibility, fun, and learning. Everyone is familiar with the valuable assistance that club members give in the library. In addition to this, the group held a mother-daughter banquet at the Normandy in Sioux Falls, caroled at the Mapes Nursing Home at Christmas time, and enjoyed a spring picnic at Newton Hills State Park. During the year members read three books selected by the group and discussed them at a meeting. The Library Club also sponsored a dance to raise money for the John F. Kennedy Memorial Library fund. The library received an etching of the late president in appreciation of the contribution.

Assisting with the circulation of books is one of the responsibilities of Library Club members.

Homecoming was carried out in the finest West Sioux tradition this year. The floats were built with a flair that combined imagination, skill, and workmanship. Spirits rose as a Rock Valley football player was burned in effigy at the bonfire the night before the game. The following afternoon a parade and pep rally were held downtown. During halftime of the game Queen Ann Dorene Wynja and her attendants were crowned by the co-captains of the football team. West Sioux defeated Rock Valley 70-6 to add the final ingredient for a perfect homecoming.

junior class presents "the fighting littles"

The Fighting Littles, taken from a novel by Booth Tarkington, was very well received. The junior class, under the direction of Miss Wilcox, did a fine job of presenting the three-act comedy. The Littles are a quick-tempered family who squabble their way through differences in opinions and ridiculous situations. Mr. Little (Dave Kemper) is convinced that his daughter's friends are all a bunch of hoodlums, with her boyfriend (Bill Sedgwick) the worst of the lot. Despite the reminders of his wife (Gayle Schleuter) and a spinster aunt (Debbie Dawson), he fails to recall when he was young. Filmer (Mike Blake) is a typical younger brother with his own problems, including the attentions of the girl next door (Charlyne Wood). An up-and-coming young businessman (Blake Hultquist) and man hunting roommate from the South (Jane Scott) complicate situations. Eventually the Littles discover that their family is normal and the younger generation is really quite sensible.

"Why do you hate me so Filmer? Filmer, why?" asks Antoinette.

senior class presents "little women"

LITTLE WOMEN, the classic tale by Louisa May Alcott, was superbly presented by the senior class under the direction of the speech instructor, Miss Kay Wilcox. Dianna Frank, as Marmee, is the devoted and loving mother of four daughters, Meg (Sharon Benson), Jo (Dawn Huebner), Amy (Sheryl Ericson), and Beth (Sherry Vander Schoor). As the play opens, the girls' father (Lonnie Bowden) is away from home. During his absence, young Beth becomes very ill and never recovers. Later, Meg falls in love with John Brooke (Randy Falde) and marries him despite Aunt March's (Ruth Swanson) loud disapproval. After being rejected by Jo, Laurie (Jerry Meins) marries Amy during a European tour. Tomboy Jo at last finds love with Professor Bhaer (Jim Busch). After many delightful and touching scenes, the curtain drops as the "little women" sing a happy birthday to their beloved Marmee.

In a classic scene, Marmee reads a letter from Father to the girls.

In the final scene, the "little women" prepare to begin their own lives.

Jo refuses Laurie's proposal.

Annie listens as Frank reads a review of her performance.

"Annie, Get Your Gun," the musical created by Irving Berlin, was presented by the West Sioux music department under the direction of Mr. Blinde.

As the story opens, Annie Oakley challenges Frank Butler to a shooting match. Annie defeats Frank and joins Buffalo Bill's Wild West Show. Charlie Davenport convinces Annie to try a difficult trick to impress Frank. However, Frank resents Annie's superior marksmanship and leaves the show to join their rival, Pawnee Bill. After returning bankrupt from a European tour, Buffalo Bill merges his show with Pawnee Bill's, and Annie and Frank meet again, only to renew their quarrel. Annie again shoots a match with Frank, but this time she purposely loses. Frank and Annie are then reunited and discover that "falling in love is wonderful."

eighth annual arts and science exhibition

The traditional Arts and Science Exhibition was enthusiastically received this year at West Sioux. Quality workmanship was shown in wood projects displayed by the boys in shop. Vocational agriculture projects were also on exhibit, as well as plans drawn by the drafting class. Hung on the wall of the gym were works by both the Art I and II classes. Many students had projects or experiments concerning biology, chemistry, physics, junior high science, algebra, and geometry.

Allan Waterman leads his date to the dance floor.

All year the juniors and seniors look forward to the Junior-Senior Prom. Each year a new junior class takes a turn in presenting the prom for the senior class. The Junior-Senior Banquet and Prom was a great success this year. The outcome of much hard work by the juniors formed the setting for a "Southern Serenade." This was represented by a bird bath, fountain arrangement, the typical magnolia tree, and entertainment from the river show boat. Large white pillars formed the arch to the dance floor. Following the dance was the post prom movie and luncheon served by the parents of the juniors.

Caught by the camera in a typical pose are janitors Walt Utesch and Hobe Wasser.

Among the many persons who help to make the school day pleasant and comfortable at West Sioux High School are the hot lunch cooks and janitors. The cooks prepare delicious and nutritious meals which are enjoyed, somewhat hastily, by the majority of the students. The janitors contribute to our school by keeping the building clean and well heated, an atmosphere conducive to thinking and learning.

student teachers provide change of pace.

Gladys George taught general science.

Each year our high school cooperates with area colleges and universities by accepting student teachers, who benefit by actual experience in the classroom. A unique student teacher in the school this year was Miss Gladys George, a native of India, who had attended Northwestern College. She planned to teach in an international school in Arabia.

Student teachers from USD second semester were Emma Kapriva, English and French, Dennis Luft, art, Lucy Sawin, phy. ed., Terry Muilenburg, math, Diane Grier, business, Roger Schaffer, history, and Chester Thompson, history.

falcons finish strong

West Sioux completed the 64-65 season with a record of six wins and thirteen losses. Although the Falcons had a dismal season from the record standpoint, most games had plenty of action. The highlights of the season were the two second meetings with MOC and Central Lyon. Both teams had beaten us by thirty points in our first meeting. But, in our second meeting with them we beat MOC by twelve points and Central Lyon by five in overtime. At the end of regular conference play we had five victories and seven losses to finish for a tie for fourth place in the Siouland Conference. Other season wins were over Alcester, West Lyon, and Akron twice.

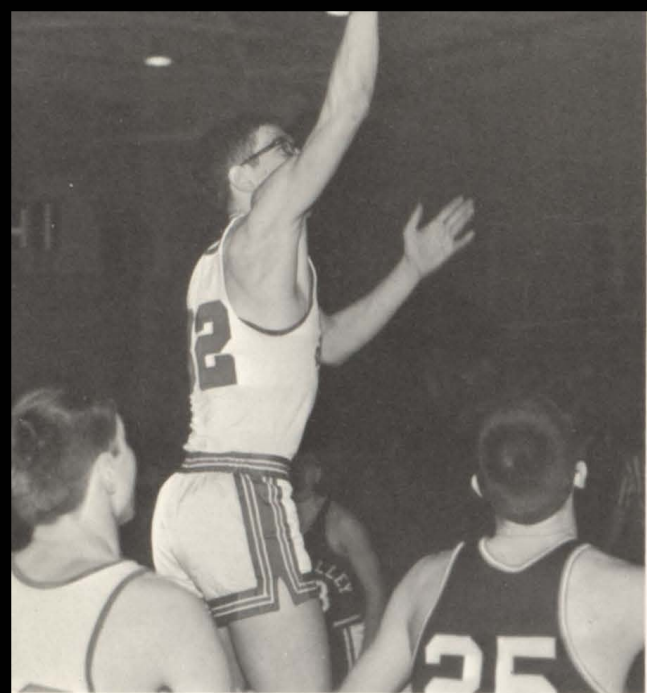

One of the main highlights of the season was Rick Dietz being named first team all Siouland Conference and being voted honorary captain by his teammates. To deserve these awards Rick averaged 24 points per game while scoring a total of 455 for the season.

The West Sioux Falcons completed a very successful wrestling season by winning 9 and losing 4. The high point of the season was winning the sectional tournament held here. Leading up to the tournament West Sioux had defeated Rock Valley, George, LeMars, Odebolt-Arthur, Flandreau Indians, and the Sioux Falls Washington "B" team while suffering defeats to highly rated Yankton, Pipestone, Estherville, and Morning Sun. Although there were many outstanding wrestlers, Lennie Liston rates a special salute for his 12 and 1 dual meet record with a 15 and 2 record overall. Gary Ping and Jim Westhuis both finished with 14 and 3 records to tie for the second best record. Senior letter winners who will graduate are Gary Ping, Dick Adams, Chuck Wasser (captain), Wayne Bultman, and Al Van Noort.

golf team enjoys successful season

The 1965 golf season got off to its usual slow start, due to inclement weather. The golf program, under the guidance of Miss Spain, provides both girls and boys with the opportunity to participate and compete with other schools in our area. Golf, being a sport that starts late in the school year, receives very little attention and at this writing few facts are known other than the fact that the teams met with relative success.

A-team cheerleaders were Charlyne Wood, Margene Johnson, Sharon Benson, Judy Case, and Jeri Slife.

cheerleaders promote school spirit

In any athletic endeavor there is an intangible quality that contributes to the success or failure of a team. This quality is spirit, be it team or student body. This quality is brought out by a most tangible factor--our cheerleaders, who epitomize the spirit of West Sioux.

The last word has been typed, the final picture taken, and with a feeling of accomplishment we of the annual staff send another year of West Sioux history to the presses, anxiously awaiting a glimpse of the first Falcon, a product of our efforts. I sincerely hope that this attempt to capture the memories, spirit, and traditions of a year at West Sioux has been successful and that the Falcon will be a source of future enjoyment and reflection to all who read it. My thanks go to the entire staff for their loyal help and especially to Mrs. Brooks and Mr. Hanson for being such patient and helpful advisors.

Yours truly,

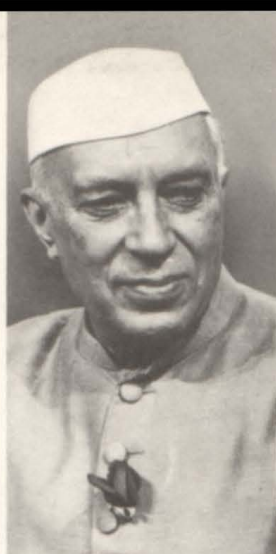

Debby Dawson

Chou Listens—Red Chinese Premier Chou En-Lai held an earpiece as he listened to an address by the Soviet Union's new party leader, Leonid Brezhnev, during a meeting of world Communists in Moscow on November 6. Alexei Kosygin, Soviet premier, is at right.

They Died in '64—These world figures died during the year. From left are Prime Minister Nehru of India, General Douglas MacArthur of the United States and former President Herbert Hoover.

Stretcher Cases—Wounded white hostages and Belgian paratroopers were carried from rescue plane at Leopoldville after it arrived from Stanleyville November 24. The paratroopers descended on the rebel-held Congo city just as a massacre of hostages began, and their quick work saved the lives of hundreds.

New President—Foreign Minister Giuseppe Saragat (right) was formally notified in Rome on the night of December 28 that he had been elected president of Italy.

World Events in Review—1964

Alliance Talks—British Foreign Secretary Patrick Gordon Walker, left, talked with West German Chancellor Ludwig Erhard in Bonn on November 15 during efforts to find a compromise on a new nuclear force for the troubled Atlantic Alliance.

Pope Visits India—The 38th International Eucharistic Congress opened in Bombay, India, on November 28. In December, Pope Paul VI made the longest papal journey in history to attend sessions of the congress.

Age at 90—Winston Churchill acknowledged the presence of well-wishers who gathered outside the windows of his Hyde Park home in London on October 30. The occasion was his 90th birthday.

Tokyo, Japan—William H. Mills (left) of the U. S. A., led Mohamed Gam-moudi of Tunisia across the finish line to win the Olympic 10,000 meter event on October 14.

Swampy Victory—A group of Viet Cong prisoners sat quietly in Camau last October while guarded by armed South Vietnamese troops. The prisoners were among those captured during a major battle on the Camau peninsula.

Reunions at the Wall—An East German mother embraced her West German children last November at the Helmstedt railway station after the border dividing East and West Germany was opened for the first time since 1961 for East Germans.

Change of Power—Alexei Kosygin, 60, left, and Leonid Brezhnev, 57, respectively, were named to be premier of the Soviet Union and secretary of the Communist party on October 15. They took over the posts vacated by the resignation of Nikita Khrushchev.

Space Team Welcomed—Cosmonauts Konstantin Feoktistov, Col. Vladimir Komarov and Dr. Boris Yegorov, left to right, waved to the crowd from an auto during their greeting in Moscow on October 19. The trio had just returned from a 16-orbit flight in space in the "Vokshod."
