HAWARDEN PUBLIC LIBRARY
803 - 10th St.
HAWARDEN, IOWA

... But
above all
it is
friendship.

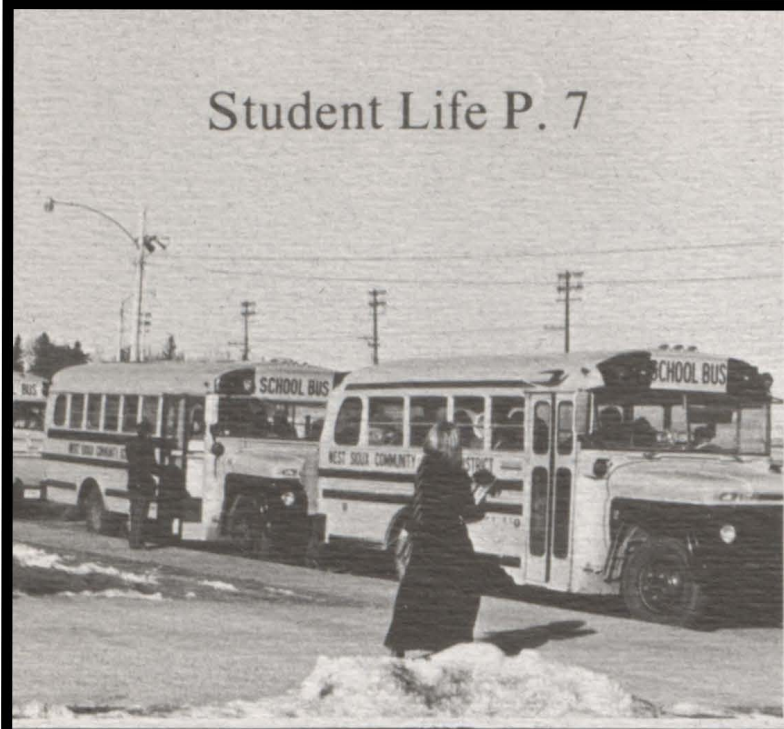

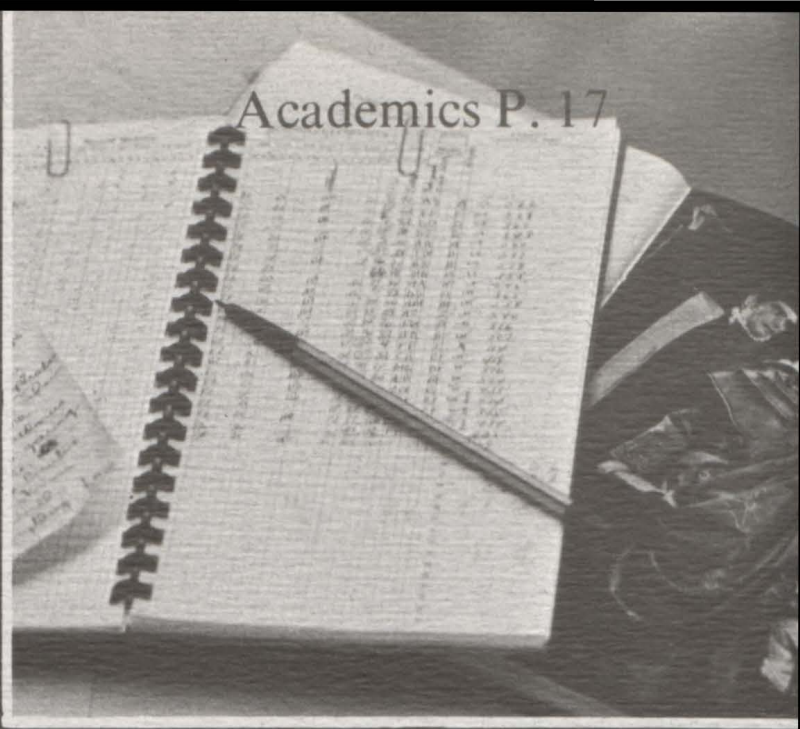

Friendship: It means
the greatest love,
the greatest usefulness,
the most open communication,
the noblest sufferings,
the severest truths,
the heartiest counsel,
and the greatest union
of minds of which
brave men and women
are capable.

A Final Word . . .

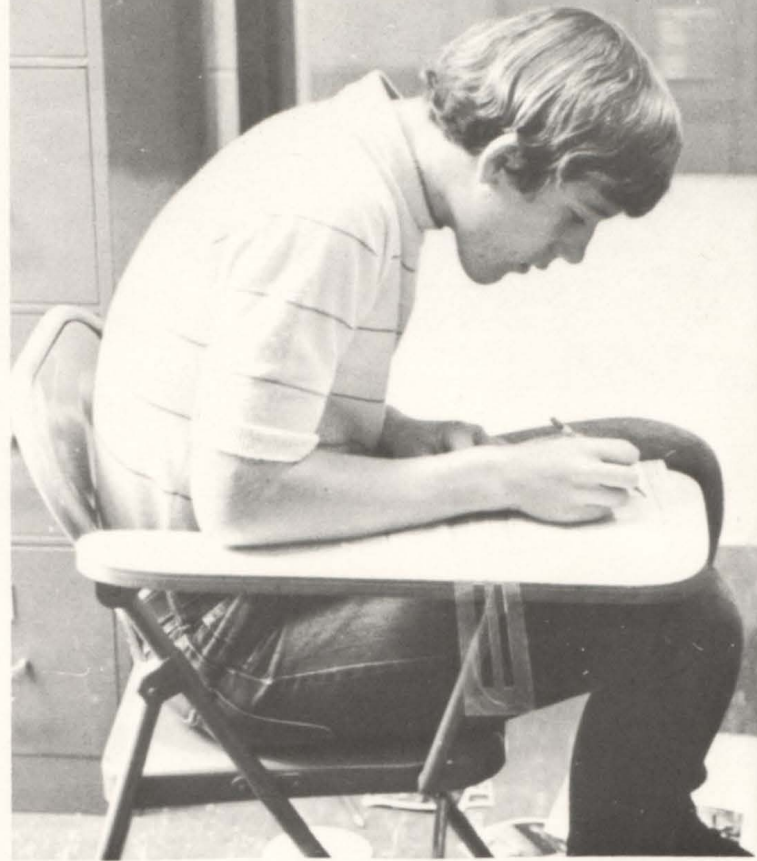

Being Editor for the past two years, I have been surrounded by many creative individuals, both staff members and outside contributors. I would like to express my thanks to these people for their hours of effort in producing the 1971 FALCON.

A special thanks goes to the typists who put in long hours typing copy; also there are those who produced the layouts and worked up the photography. I would also like to thank those who sold ads and to those patrons who purchased them. I feel a special thanks should go to Mr. Lindgren for his hours and effort in helping to produce the FALCON.

The staff has attempted to capture not only the events of the past year but also the mood and feelings of this generation of students at West Sioux High School.

"It is our decision"

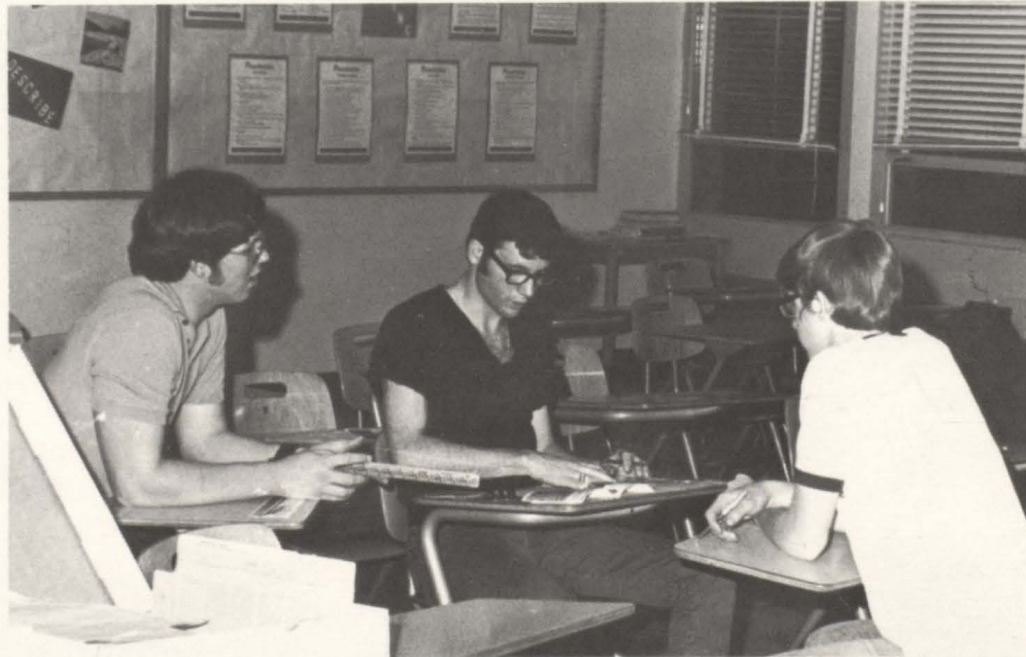

We have the power to make this the best generation
in the history of mankind, or to make it the last.

I believe we have to make our decision
and make it known to the world.
